

2030 and beyond – how do we get there

**NRM**  
**REGIONS**  
**A U S T R A L I A**

The logo for NRM Regions Australia is located in the bottom right corner. It consists of the text 'NRM' in a large, bold, serif font, with 'REGIONS' in a smaller, bold, serif font directly below it. Underneath 'REGIONS' is the word 'AUSTRALIA' in a very small, spaced-out, bold, serif font. A thick, dark blue horizontal line is positioned below the word 'AUSTRALIA'. The entire logo is set against a white background that is separated from the dark blue header by a curved, brownish-orange border.

54 regional Natural Resource Management organisations

Unique nationwide coverage

2014-2015 National Landcare Conference

## Maintaining Australia's Natural Wealth

Priorities for Terrestrial Conservation

Edited by Catherine Davies, Executive Director, National Landcare Conference

# Meeting the targets

- An integrated landscape management approach
- Diverse strategies to communicate nature's value
- Empowering communities

# Integrated Landscape Approach

- Regional NRM organisations and partners already take an integrated landscape approach
- Regional NRM planning can support prioritization, leverage and action
- Local context of restoration - social, economic, extreme events, etc.

# Communicating Natures' Value

- Communicate natures' values in more diverse ways
- Mainstream nature through issues people care about
- New NRM sector nature-based solutions program
- National leadership needed

# Empowered Communities

- Governance arrangements at appropriate scales
- Place-based participatory planning
- Invest in coordination to scale outcomes
